

BANDIT VILLA REPORTED DEAD

WOUNDS CAUSE NEW PLOT DESPERATE FIGHTING OUTLAW LEADER'S FOR MEXICO FOR DEAD MAN'S HILL

(BULLETIN)
GENERAL PERSHING HEADQUARTERS AT THE FRONT,
April 10.—(via Mexican telegraph to Juarez, Mexico, April 11.)—Renewed reports have been received here by General Pershing that Francisco Villa is dead and buried. These reports are under investigation. Meanwhile the hunt for Villa bandits is proceeding with renewed vigor with the arrival at the front of General Pershing.

(BULLETIN)
Washington, D. C., April 11.—Unofficial and unconfirmed reports that Villa is dead, reached the Carranza embassy today and were given some degree of credence by officials there. The reports were represented as having come from Queretaro, General Carranza's provisional capital.

(BULLETIN)
Columbus, N. M., April 11.—Lieutenants H. A. Dargue and E. S. Correll, of the aero corps, returning here today from a flight to San Antonio, Chihuahua, 330 miles south of the border, said that reports were current among the natives in the vicinity of Santa Anna that Villa was dead of blood poisoning, caused by his wounds.

Military authorities recognize that the report of the bandit chieftain's death may be another ruse to throw the American off what has been termed a "hot trail," but no tendency is manifested to believe the report, the aviators said.
"There seems no doubt that Villa was wounded," said Lieutenant Dargue. "Conversations with natives and with physicians having convinced me that he was shot through both legs, one of them being broken by a bullet, while another lodged in his stomach. A man in that condition, without medical attention, could scarcely live long."

(BULLETIN)
Queretaro, Mexico, April 11.—the war department announced it had reason to believe Francisco Villa had been killed in action, and that searching parties had been sent to find his body.

Washington, D. C., April 11.—Official estimates of the number of troops in Mexico and on the border available for an emergency were given at the war department today. General Scott, chief of staff, announced that 15,000 troops now constitute the border patrol.
General Pershing has about 12,000 men in Mexico, including those holding his line of communication. General Scott, estimated that only 4,000 troops remain in the United States, not engaged on the border.

The young lady across the way didn't have a navy to be about in all sorts of important places were might be found out about naval

"West of the Meuse about 25 square kilometers of ground has been occupied," the announcement says.
"The German newspapers point out that the French now say Bethincourt was evacuated in accordance with plans previously made. Nevertheless, it has been ascertained that an order was issued stating:
"This important place must be held in all circumstances."
"The fact that more than 700 unwounded French prisoners were taken and that the French losses in killed or wounded were far greater, is proof that the French plan of evacuation could not be carried out as intended."

BRITISH CRUISER SEEN

KILLED BY STREET CAR
Youngstown, O., April 11.—Struck by a street car, George W. Fiegle died in a hospital here.

El Paso, Texas, April 11.—A plot of wide dimensions, hatched in El Paso and backed by the people who are financing Felix Diaz in a movement against the defunct government of Mexico, is believed by the police today to have been unearthed by the arrest last night of fifteen Mexicans accused of being implicated in the flight across the border of General Ynez Salazar. Agents of the department of justice aided the police in making the arrests, most important of which were General Carezo and General Ignacio Morales Zargosa, who, like Salazar, were among the best known and most trusted of the adherents of the late Porfirio Huerta.

This story has been pieced together from admissions of the prisoners.
The backers of Diaz, it is said, became dissatisfied because his own military reputation was limited and he had no man with his movement in whose generalship the Mexican people had confidence. They were also anxious to reinforce the Diaz campaign in Southern Mexico by a similar insurrection in the northern part of the republic. A soldier was wanted of proven ability and Salazar was selected. He was amply supplied with funds and proceeded to organize his followers from El Paso. Emisaries were sent into Mexico to try out the sentiments of various Carranza garrisons and to stir up the people by spreading reports that Carranza was in the pay of the United States and that General Pershing's expeditionary force was really the advance guard of an army of occupation. Salazar's plans were not yet ripe when he learned that he was in danger of betrayal. He became alarmed and fled precipitately across the border on Sunday.

Billy Butt In Times Weather Box

Since this war started I think I've read about seven tons of special war articles besides the regular news and pictures. And even at that I don't seem able to keep up, for hardly a day passes but somebody tells me of something he'd got out of a war article that I hadn't even seen. It must be a poor stick of a magazine writer who can't cobble a war tale these days and get it printed. And the 'printin' is about all there is to most of 'em. Here's for tomorrow:
Ohio—Fair tonight and Wednesday. Warmer tonight. Strong southwest wind.
Kentucky—Fair tonight and Wednesday. Warmer tonight and in east portion Wednesday.
West Virginia—Fair tonight and Wednesday warmer.

TODAY'S HEALTH ADVICE

Every home needs an antiseptic. In fact, you simply must have hyclorite, the wonderful effective antiseptic—ready for instant use.

Physicians and hospitals use hyclorite because it is absolutely reliable and always dependable. It is remarkably pure, safe, easy to use, and does not stain, burn or blister. It cleanses, heals and purifies quickly. Any drug-gist can supply hyclorite in 25c bottles—it is very economical. There is no earthly reason for the spread of germs which cause colds, fevers and sore throats this season. Teach every member of the family to use hyclorite and so make the home life safe. Be sure to get hyclorite at once since nothing else can take its place.

MADE FLYING GRAB AND SAVED \$3.20 WHEN HE CAUGHT GLASS

The fact that the advertising manager of the Times used to play baseball saved him \$3.20 Tuesday morning at the Crescent Jewelry company. Mr. Bennett, optician, was pointing out the merits of a new lens that had just been made from what is known as Sir William Crookes glass, a scientific tinted glass for spectacles and eyeglasses. This little piece of transparent matter was worth \$3.20, one of the most expensive lenses made. The advertising man was, of course, showing much interest in the lens, paying particular attention to Mr. Bennett as he told how the new lens would de-

stroy the ultra violent rays of light, and that the Crookes glass was so treated as to control and destroy the injurious rays. Just at that moment the advertising man started to hand over the valuable lens, but it slipped from his hand and started to descend on the concrete floor. The Times man does not claim that he is graceful, nor did he pull off any Vernon Castle movement in grabbing for that lens. But all the same he caught it before it reached the floor, and felt mightily relieved when it was safely laid in Mr. Bennett's hands. Hereafter the advertising man will take it out in looking and not fondling.

A good attendance on the part of the church membership is anticipated as a result of the sermon preached on Sunday morning in which an earnest appeal was made for a period of special self-denial and self-sacrifice during this and Holy Week. It was not a plea for spasmodic service simply but rather for a beginning of a greater consecration to last throughout life. "If any man will come after Me, let him deny himself, and take up his cross and follow me." The subject announced for Wednesday evening should prove a drawing card: "The Sins of Church Members." Good singing with special features each night. The church is located at Fourth and Washington streets. "Come and let us reason together."

HOMER SELBY'S TEAM DEFEATED IN HOT GAME

Basketball teams made up of members of Homer Selby and N. Griffin's Sunday school classes of Bigelow M. E. church staged an enthusiastic game on the fourth floor of the old Excelsior building on Gallia street Monday night. When hostilities ceased Mr. Selby's class was defeated, the score being 20 to 15.

Mr. Selby's team lined up as follows: Donald Dillon, center; Charles Baker and David Grimes, forwards and Varner Altman and Lowell Selby, guards. Mr. Griffin's team took the floor as follows: T. Mohl, center; H. Lakeman and Mark Herr, guards and Ben Ogier and W. Lakeman, forwards.

NOT TRUNK, BUT GASOLINE TANK WAS LOST

Louie Levi of the Samuel Levi and company's furniture store on Gallia street, is having considerable fun and trouble since receiving a new five passenger touring car, if the following story they are telling is true. Sunday afternoon, so it is told, Louie was driving up Gallia street when he lost his gasoline tank. A small boy yelled at Louie, saying that he had lost a trunk from the back of his machine. Louie told the lad he had no trunk but on looking around he saw the tank in the middle of the street. This is thought to be a record in the "Auto Mishaps" line.

ACTION ON PAVING MAY BE TAKEN THURSDAY

Brunning, state highway engineer of Columbus, will arrive in Portsmouth Wednesday evening and Thursday morning at nine o'clock he will meet the county Board of Commissioners to present the official figures recently submitted for the highway department for improving a three mile stretch of pike between Sciotoville and Wheelersburg. Sheridan and Kirk, contractors in charge of constructing the government dam at Kirksville, Ky., were the lowest bidders for the brick improvement.

At this meeting the commissioners will probably award the contract for the improvement so that work can be started immediately.

ATE ONLY RAW EGGS; NOW FEELING FINE

S. D. Martin, of Elkton, O., suffered from stomach troubles and difficulties in his digestive tract. He lost weight and his appetite was bad.

He took one dose of Mayr's Wonderful Remedy and was swiftly restored—with one dose. Seven months later he sent an order for more, saying:

"Since taking your remedy I have not been bothered any to speak of with my stomach. Before I had had headaches and dizzy, weak spells, of which I am almost free. I have gained fifteen pounds since taking the one dose. It is not that I need the medicine now that I am sending. I am simply going to take it as a preventive. My wife induced a lady friend to try it. She had been eating only a raw egg or cracker or two, and often could not keep them down. This lady used your remedy and it has almost cured her."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure in gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

GOOD LOOKS REFLECT GOOD HEALTH

YOU can't have bright eyes and a smooth, clear skin if the fermenting waste products of constipation are poisoning your system. Constipation is the chief cause not only of poor complexions, but of three quarters of the illnesses from which women suffer.

Heed the danger signals of pallid skin, poor eyesight, headaches—check constipation before it is too late. Not with laxative drugs which physic and irritate and later bring about reactions which make you regularly dependent upon them. Bring about natural conditions, Nature's way—with Nujol. Nujol is the

highest form of the pure white mineral oil recommended by leading doctors the world over for constipation. Nujol does not act by irritation but by lubrication—by softening the intestinal contents and facilitating natural action in a purely mechanical way. Nujol is colorless, odorless, tasteless. It can be taken by anyone, even the youngest child, in any quantity, without danger.

PLAN TO SEIZE THE FIGHT PICTURES

Washington, D. C., April 11.—Customs officials practically have reached a decision to seize the Johnson-Willard fight pictures which were made by a photographic process at a point on the border between the United States and Canada. A new law sustained by the supreme court forbade bringing the original films into the country, so the promoters brought the films to the border on the Canadian side and made pictures of them with cameras on the American side. Customs officials hold that the intent of the law cannot be defeated by such a process.

AUTHORITIES TAKING STEPS TO CARE FOR THE CRAIG CHILDREN

The initial steps were taken believed to be detrimental to the Tuesday by Judge Thomas G. Little family of four children, by Beatty, of probate court, to place many of the local ministers. In discussing the Craig children in the Seloto County Children's Tuesday, Rev. Charles R. Oakley, Home and to send Landie, the pastor of the First Christian inebelle to the Columbus Home church, said that he was decidedly for the People Minded. Judge in favor of separating the little Harry Ball, assistant probate children from the companionship judge, was commissioned Tuesday of the inebelle son, Landie. "Un- afternoon to make arrangements der no conditions, would I think for the transfer of the children. Judge Beatty said that he had left word at the Columbus institution for Dr. Emory, physician in charge, to call him by telephone at once. When Dr. Emory calls, Judge Beatty expects to make an attempt to get Landie Craig into the institution. The crowded condition of the home has made it almost impossible to send patients there. Since the death of Mary Ade- Craig, the four year old daughter of Mr. and Mrs. James Rev. L. J. Hopper, pastor of the Craig, Plum street, who was crushed United Brethren church said that and mangled so badly beneath he would not favor raising any of the wheels of a Baltimore, and family of children, with an im- Ohio train that death resulted, be- lieve. "I believe the Craig boy considerable interest has been should be placed in some institution taken by the church people of and kept away from his little home. Portsmouth in the home affairs of theirs and sisters. I am in favor the Craig family. The conditions of placing the Craig children in under which the Craigs live, are

portorted to me." Rev. A. L. Marting, pastor of the Fourth Street Methodist church said that he did not favor raising any small children with an inebelle. "I think that the boy should be placed in an institution and kept there," said Rev. Marting. "While I believe that children should be left with their parents to be raised under many circumstances," declared Rev. C. E. Chandler, pastor of the Bigelow Methodist church, "I do not believe that small children should be reared in an environment such as is reported to exist at the Craig home. I do not believe that children should be reared in the presence of an inebelle. It is un- wholesome."

"Last Sunday, the ladies of our church were discussing the affairs at the Craig home and it seemed to be a prevailing opinion among them that the children should be removed. Of course, I am not acquainted with the conditions at the home, but several of the ladies there had personally been there, and knew. They favored the separation of the children from the inebelle son."

Rev. Chandler, who has made charity work an exhaustive study for several years said that something should be done in Portsmouth to regulate charity. He said that he favored furnishing the worthy poor with employment rather than money and provisions. "Give those who are in want a chance to earn their daily wage. Then we are aiding them toward a better life. Many cases of charity become chronic through the unwillingness of American charitable organizations to furnish employment rather than provisions and money."

POSTPONED GAMES WILL BE ROLLED THIS WEEK

Still full of pepper and a superabundance of enthusiasm, the Spiders and Submarines of the Atlantic League are not going to allow their postponed games to remain unplayed. Monday, Captain Talle of the Spiders and Captain Fuller of the Submarines, got their heads together and agreed to roll these games this (Tuesday) evening at the Play House. Should the Submarines win all three they will finish pretty well up in the race. They finished so far down in the cellar the first half that they could not be seen. They won only two games. At the start of the last half, Captain Fuller predicted great things for his club, and as a prophet Mr. Devereaux has nothing on the admiral.

On Friday evening of this week the Rexalls and Ironsides will roll their three games, the result of which will be eagerly scanned by the Cement Specialists. Should the Rexalls win all three games, they will finish 50-50 with the Cement Specialists and it would be necessary to roll off the tie in order to decide the winner for the last half. Should the Rexalls drop a single game to the Ironsides the Specialists will have won the last half and will then go into the series with the Ivory Knobs. When the winners of the last half look up with the Ivory Knobs in the world series, standing room at the Play House will be at a premium. In fact the series will be the biggest event in the annals of bowling in this city. The Ivory Knobs are sanguine they will emerge victorious, although the Cement Specialists have supreme faith in their ability to polish off the Ivories, while the Rexalls are just as full of faith. It will be a hard fought series anyway you look at it. The details will be arranged by the board of governors just as soon as the Rexalls and Cement Specialists settle their little misunderstanding.

Play House Five Vs. Ivory Knobs

In order to give the Play House Five some needed practice, this team, which is representing Huntington in the inter-city bowling series between Portsmouth, Huntington and Charleston, will roll the Ivory Knobs at the Play House Wednesday evening at 8:20 o'clock. The Ivory Knobs believe they can give the Play House Five quite a battle, and no doubt a large crowd will be out to see the practice struggle. On Friday the Play House team will go to Huntington for a three game series with Carl Ridley's phenoms on the Majestic alleys. Quite a large number of rooters will accompany the local team. At least three automobiles will make the trip. The locals defeated Charleston by 132 pins last Thursday night and they hope to give Huntington the once over at least.

LAST GAME FRIDAY

Portsmouth basketball fans will be given the opportunity to see a real brand of championship basketball Friday evening in the local high school gym when the P. H. S. regulars meet the fast Phi Si quintet from Ohio Wesleyan university.

Waiting, who won the honor of being one of the all Ohio guards last season, plays with the Phi Si players. Russell Guffey and Rae Selby will also be in the lineup and the basketball ability of these two lads is well known to P. H. S. basketball fans, who remember when Guffey and Selby played for P. H. S.

Every loyal student should get out to this game as all the proceeds after expenses are paid will go into the fund being raised to buy jerseys for the regular team. This will be the last basketball battle of 1916.

Doyle To Confer With Joe Tinker

Scout Billy Doyle will go to Cincinnati Friday and will hold a conference with Manager Joe Tinker of the Cubs. It is possible that Doyle may accept a scoutship with the Cubs. Doyle was for three years a scout for the Cleveland club and dug up a number of star players for the Indians.

MILWAUKEE PLAYS HERE

The strong Milwaukee, American Association team is scheduled to pry off the local baseball lid in Millbrook park this afternoon and the club will remain over Wednesday for a game with Doyle's hustling and aggressive Rockies. This pair of games, the first of the season, should attract many fans to Millbrook.

The Brewers have a well balanced club and two good games are assured the fans at Millbrook Tuesday and Wednesday. Jim Thorpe, world famous athlete is with the Brewers, having been recently turned over to this club by the New York Giants.

Doyle has a good team to send in against the Brewers and some real baseball will be witnessed in Millbrook today and tomorrow. The grounds are in tip-top shape.

On every hand praise of Jim Dunn, the new owner of the Indians, was heard. Fans began talking baseball again with a renewed interest and peevish talk was in the air.

A Little Bird Told Me—

that I'd never be smoke-wise until I got wise to "Tux." And now life is just one joyous pipe-dream! For "Tux" is packed so full of smiles and brightness that every luscious, long-drawn puff makes a fellow happy as a lark at sun-up.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

There are three reasons for the brisk, bracing, hustling vigor you get out of Tuxedo—(1) Choicest leaf; (2) Slow, perfect ageing; (3) "Tuxedo Process."

And it's the last that brings out the best that's in the other two!

For it's the "Tuxedo Process" that removes the final trace of harshness from the leaf and makes Tuxedo the mildest, wholesomest tobacco in the world.

Millions of dollars have been spent in vain attempts to imitate the "Tuxedo Process." But not one of the imitations has ever approached—much less equalled—the "Tuxedo Process," which was discovered by a doctor. Tuxedo never bites your tongue, irritates your throat, or bothers your nerves—as a week's trial will prove to you.

The South Bend players have been ordered to report for spring training. Pending the rebuilding of the ball park, the men will take workouts in the Y. M. C. A. gymnasium. The squad will number 20 men.

As the advance guard of local fans, who will witness the Cincinnati-Chicago inaugural Wednesday, Jacob Hendrix and Robert Lewis left Tuesday for the Queen City. They are strong admirers of the Reds.

One Real Scout

There are a few sports down in Redland. Yep, that's true. One of the dyed-in-the-wool variety bobbed up Monday. He bet a cool fifty spot that the Reds would not only beat Chicago in the opener, but that if Tony plucked the Gubs wouldn't make six hits.

BOSTON FANS ARE SORE

Boston, April 11.—No action of a Boston club owner has angered fans more than the sale of Speaker. The verdict of the Boston press is unanimous practically that Lannin is throwing away a pennant for \$50,000 or more cash. It is even predicted that he will dispose of the club before the season is over, and the sale is made as part of his plan of liquidation, since the franchise would be practically as valuable with Speaker as without him.

Chicago, April 10.—A silver cup given Charles "Chief" Evans as runner-up in a Western Golf championship tournament was one of four trophies stolen last night from the home of his brother, John H. New League To Be Formed

Toledo, April 11.—Northern Ohio will not be without a baseball league this season if plans of Randolph Kopp, of Sandusky, materialize.

Say Fohl To Be Let Out

Boston, April 11.—In pummeling Lannin for selling Speaker, Boston newspapers also predicted that Speaker will succeed Lee Fohl as manager of the Indians or that he will be traded to the New York club.

TO STOP FALLING HAIR

There is only one safe, sure and simple way to stop falling hair and that is to kill the dandruff germ that eats away at the roots of the hair, taking all the life out of it, causing it to become dull and dead. To kill this deadly dandruff germ get one ounce of beta quinol from your druggist, mix it with half a pint of alcohol and half a pint of water, pour a little onto the head and massage well into the roots of the hair until it is all absorbed by the scalp. Do this every night for about a week. After a few applications you will notice the dandruff has entirely disappeared, the hair has stopped falling and has taken on new life. A faithful application of this simple method will soon produce a wealth of glorious, lustrous hair that you will be proud to own.

LEFT HAND A MASS OF PIMPLES

Started With Water Pimples Between Fingers. Was Swollen. Could Not Put It in Water.

HEALED BY CUTICURA SOAP AND OINTMENT

"My skin trouble started with a few water pimples between the fingers of my left hand. My hand was red and itched all day and I tried to wash it with water but it would not let me. I tried to rub it with a rough cloth until it looked as if it were ready to burst and bleed, and I was kept awake at night with it. It got to be a mass of pimples inside and out, and was swollen, and I could not put it in water nor use it much."

"A friend told me how Cuticura Soap and Ointment helped her so I got them, and my hand was entirely healed." (Signed) Miss Norma Lee, 157 W. Main St., Battle Creek, Mich., Aug. 6, 1913.

The Real Way To End Stomach Trouble

Is To Correct the Conditions That Cause it. Don't Let Food Ferment and Decompose in Your Stomach

Make Your Stomach Digest Your Food Before It Sour

Hyperchlorhydria (high-poor-high-dreer) is a medical word meaning an unhealthy condition in the stomach and digestive tract, that causes premature fermentation of food after it reaches the stomach. Sourness, Gas, Acidity and Heartburn result.

Artificial Digestants give relief simply by relieving the stomach of its sour food contents. They do not stop the fermentation or help the stomach.

To overcome conditions of this kind Wurster Bros. and many other druggists are strongly recommending Mi-o-na Stomach Tablets which tone up the stomach and restore normal digestion by loosening up the hardened bile and mucus from the stomach walls that are preventing a normal flow of the natural digestive juices. Mi-o-na gives quick relief to all the usual distressing stomach symptoms and so tones the stomach machinery that pretty soon meals no longer turn sour, but are digested normally and painlessly. Druggists everywhere sell Mi-o-na and say: "You can have your money back if this don't help you."

Mr. Hill, who was employed by The Whitaker-Glessner Steel company, made many friends during his three years' stay here, all of whom were very sorry to see him leave their midst. Those present from out of town were as follows: Mr. P. J. Mackey and Mr. and Mrs. Henry, from Memphis, Tenn.; Mrs. A. N. Campbell and Mrs. M. Campbell, of Lynchburg, Va.; Mr. and Mrs. F. C. Zundt, Mr. and Mrs. C. Boggs, Mr. A. London, Mr. John Spain, from New York City, and Mr. George Kaufman, of Pittsburgh, Pa.

The house was beautifully decorated with palms and cut flowers. The color scheme was white and pink. Refreshments were served by the hostess, after which the remainder of the evening was spent in dancing and music.

All present had an enjoyable time. The only regret was the loss of our solo singer. We trust that he will return soon and will receive the same warm welcome.

ALL FASCINATED BY WOMEN'S HAIR

With a Little Attention Hair Beauty Can be Quickly Doubled

Nearly every woman who has an ordinary head of hair can by giving it just a little attention have luxuriant hair, soft, fluffy and radiantly beautiful.

It's a good thing to know this because hair preparations that put life and lustre into dull looking hair are scarce, but it is a fact known to nearly every druggist that Parisian Sage, a delightfully clean and refreshing tonic not only will make your hair look 100 per cent better, but will quickly stop it from falling, rid it of dandruff and scalp itch.

Parisian Sage is well worth a trial and Wurster Bros., who dispense of a great quantity of it, will tell you so, and refund your money, if it isn't all you expect.

A Single Application Banishes Every Hair

(The Modern Beauty)
Here is how any woman can easily and quickly remove objectionable, hairy growths without possible injury to the skin: Make a paste with some powdered talcum and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a painless, inexpensive method and, excepting where the growth is unusually thick, a single application is enough. You should, however, be careful to get genuine delatone.

If Too Fat Get More Fresh Air

Be Moderate in Your Diet and Reduce Your Weight With Oil of Korein
Lack of fresh air weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off by increasing the oxygen-carrying power of the blood, a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from The Fisher & Streich Pharmacy, or any druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a noticeable reduction in weight.

His death was due to old age. He was a member of the church about 20 years and left evidence of his acceptance of Christ.

John B. Bush

John B. Bush, for many years a highly esteemed resident of Siloam, Ky., died recently at his home there, his death being due to infirmities of age. The funeral services were conducted Monday from the Siloam church and interment was in the Siloam cemetery.

Mr. Bush was 84 years old. His wife, the late Mrs. Amanda Bush, died in 1901. The surviving children are as follows: Mrs. Lizzie Laypool, at home, Robert Bush, of Siloam, E. S. Bush and Isaac Bush, of Ashland, Harry, of Sciotoville, William, of Columbus, O., Mrs. Mary Gearhart and Mrs. Ella Borchman.

Chauncey Eugene White
Chauncey Eugene White was born in Harrisonville, O., Sept. 9, 1906, and after a short illness of brain fever, died on April 5, 1916, in Lucasville, at the home of his grandparents, Mr. and Mrs. Ace White. He leaves a stepfather, a mother, Mr. and Mrs. Francis Martin, one half brother, Wells Martin, and a host of other relatives and friends to mourn his loss.

Chauncey was loved by all who knew him, always kind and polite to his elders, and gentle in his play with his comrades.

Chauncey, our loved one is laid away to rest. We shall miss him. There is a vacant chair, but our loss is his gain. Christ said suffer little children to come unto Me, for of such is the kingdom of heaven.

We desire to thank our friends and neighbors for their kindness to us in this hour of sorrow.

SERIOUS DANGER IN NEGLIGENCE
Desperate diseases, such as rheumatism, stomach disorders, blood impurities, kidney trouble, constipation, neuritis and nervous debility, their origin the strength of the whole body cannot be got rid of as one does a scratch or a speck by letting them torment themselves. They are not self-limiting disorders. They demand a thoughtful scientific remedy.

There seldom has been a remedy so thoroughly grounded on the knowledge of what the sick body needs as Do-Back the great vegetable compound. It is the remarkable result of profound investigation and close study and is recommended as the greatest system-vigorator, blood-purifier and regulator of the important organs of the body that has ever come to light.

Do-Back is a vegetable tonic that takes second place to none. Every household should be supplied with a bottle of this valuable preparation, especially at this time of the year when its need is felt the greatest.

COUNTY COMMENCEMENT AND FIELD DAY
SATURDAY APRIL 22 WILL BE BIG EVENT

The county Board of Education is making great preparations for the annual Eighth Grade commencement exercises, which will be held Saturday, April 22, at the auditorium of the New Boston High School. The day will be featured as "Parents, Teachers and Pupils' Day." Every parent, teacher and pupil will be urged to come to the commencement early Saturday morning with lunch baskets, ready to spend the day. The exercises will start at 9:30 o'clock at the New Boston high school and will terminate with a big athletic event at Millbrook park baseball park in the afternoon.

At nine thirty o'clock the meeting will be called in the auditorium of the New Boston school by E. O. McCowen, county superintendent. The program will contain recitations and essays given by the Eighth Grade graduates of

the rural schools of Scioto county. Addresses will be made by District Superintendents W. L. Rickey and Paul E. Cromer. The certificates will be presented by E. O. McCowen.

From present indications two hundred and fifty diplomas will be given to Eighth Grade students this year.

During the noon hour the parents, teachers and the pupils will gather upon the school yard where they will enjoy a big basket luncheon.

After this the crowd will go to the Millbrook baseball park where the athletic events will be held. The athletic meet will start with the track events, composed of the following: One hundred yard dash, two twenty yard dash; quar-

ter mile run; half mile run and mile run. The field events will be as follows: Standing broad jump, running broad jump, running high jump, pole vault and twelve pound shot put. The meet will terminate with an exciting relay race, which will be one of the most warmly contested games of the series.

The rules of the contest are simple and binding. All pupils of rural seventh and eighth grades and High Schools are eligible to enter the meet. No school shall enter more than three events outside the relay race. No contestant from a first grade school shall enter more than three events outside of the relay race. But any number of contestants from second and third grade schools are eligible to the various events. The school winning the most points will be awarded a beautiful silver loving cup.

The name of the school and the number points made in the contest will be engraved upon the side of the cup. Any school winning the cup three times will be given the cup to keep.

The points will be awarded in the following manner: First, five points; second, three points and third, one point. For the relay race, first 10 points; second, six points, and third, two points.

No pupil will be permitted to enter the athletic contests if he has not been a member of a rural school for a period of eight weeks and during that time made marked progress in his studies.

County Superintendent E. O. McCowen appointed Prof. J. M. Turner, of Wheelersburg, as manager of the contest. The judges will be W. L. Rickey, L. N. Harness and Paul Selby. The time keepers are J. F. Shela, Louis McKinley and Louis Smith. E. O. McCowen is official scorer; Me-

Kinley Sauer will announce the events; and Paul E. Cromer will be official starter, referee and clerk of the course.

COAL THIEVES

Byron, where they were arraigned upon a charge of coal stealing. James Manning and John Dials, two young men, were fined \$1 and costs, and George Sulley, who was before the Squire for the second time, received a fine of \$5 and costs. John Dials paid his fine and was released. The other two were remanded to the county jail.

SEWER TAP COST WILL NOT BE REDUCED

WANTS TO LOCATE ARMY COMRADES

Casper Russell, of Creston, Iowa, No. 814 Third street, expects to spend some of his time trying to locate old army comrades. Mr. Russell served four years as a member of Company C, 43rd Ohio volunteers, during the Civil war. He narrowly escaped being wounded in his first baptism of fire at the battle of Shiloh, April 6 and 7, 1862. A bullet struck his belt plate midway between the letters "U. S." knocking the wind out of him. During a hand-to-hand combat on Kennesaw Mountain June 27, 1864, he was also wounded about the hip by a bayonet.

Mr. Russell is 74 years of age, instead of 50 as inadvertently stated in the Times a few days ago. He left her for the West in September, 1868. His last visit here was in September, 1881.

True Secret of Keeping
Youthful Looking

(The Beauty Seeker.)
"The real secret of keeping young-looking and beautiful," says a well-known physician, "is to keep the liver and bowels normally active. Without these regular, powerful waste products remain in the system, poisoning the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, usually sluggish, dull-eyed, wrinkled and sallow of face."
"But to get liver and bowels working as they ought, without producing artificial effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercurosal origin. There is an habit-forming constituent in 'Santonal' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Santonal tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

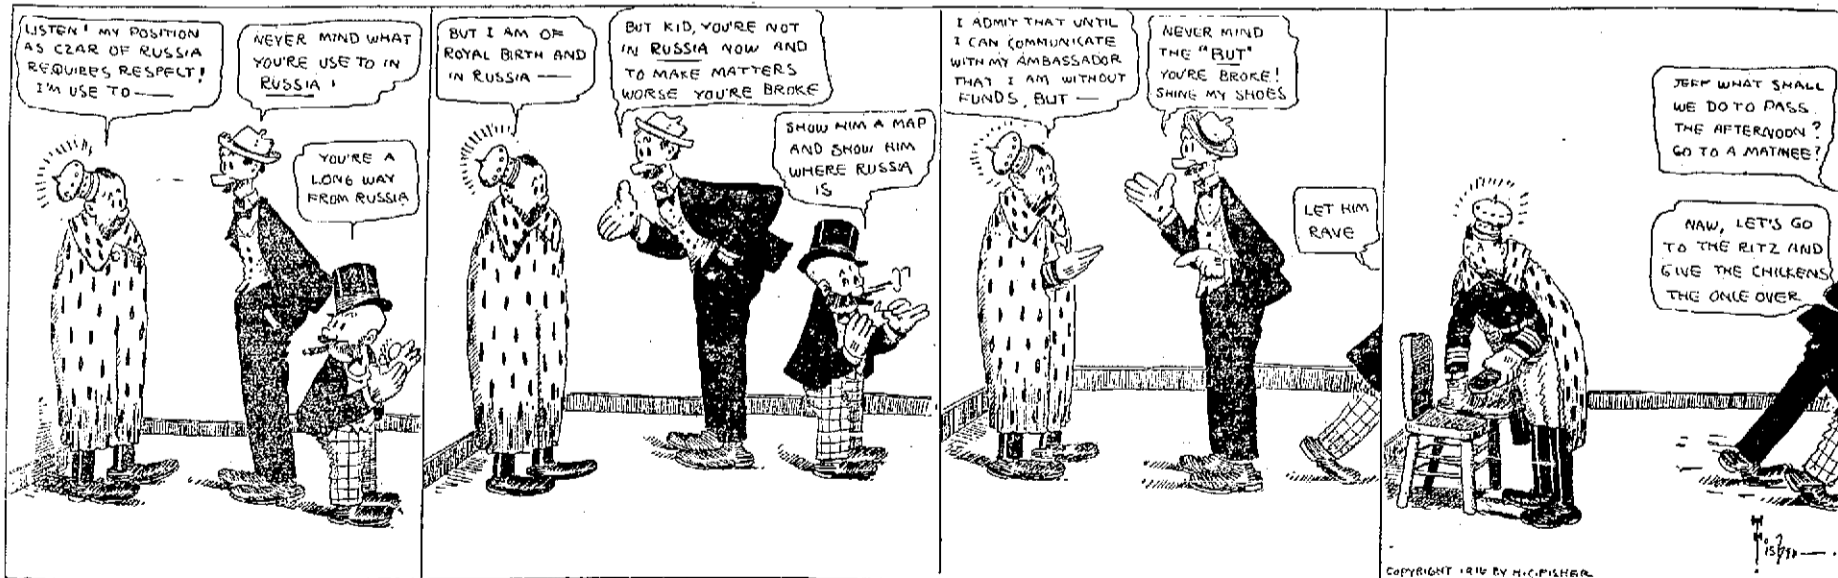

The Constipation Curse

Constipation—clogged bowels cause pain and sickness; 95 per cent of our ill, say the authorities. Santonal Laxatives bring quick relief. All vegetable—contain no calomel. Ten doses for a dime at any druggist. Physician's sample free, upon request, if you mention this advertisement. The Santonal Remedies Co., Inc., 800 Madison Ave., Covington, Ky.

P. S.—Will there be an Andy parade at next Carnival at Portsmouth?

The history of the Hohenzollern family is the history of Brandenburg, Prussia and Germany. The early rulers before the formation of the Kingdom of Prussia in 1701 were known as "The Electors of Brandenburg" and were as follows:

Frederick I—1415-1440.
Frederick II—1440-1470.
Albert Achilles—1470-1486.
John Cicero—1486-1499.
Joachim I. Nestor—1499-1535.
Joachim II Hector—1535-1571.
John George—1571-1593.
Joachim Frederick—1593-1608.
John Sigismund—1608-1619.
George William—1619-1640.
Frederick William—1640-1688.
Frederick III—1688-1713.
In 1701 Frederick III became Frederick I King of Prussia. And the Hohenzollern kings since his time are as follows:
Frederick William I—1713-1740.
Frederick II (The Great)—1740-1786.
Frederick William II—1786-1797.
Frederick William III—1797-1840.
Frederick William IV—1840-1861.
William I—1861-1888.

In 1871 William I became the first German Emperor, holding this title in addition to that of

King of Prussia. His successors are Frederick III, father of the present emperor who lived but a short time after his coronation, and Wilhelm II.

The history of the electors of Brandenburg is that of an unsettled period in which the territorial changes were too extensive and frequent for enumeration in this department. At various times during the period the Hohenzollerns ruled over most of the territory now embraced in the present kingdom of Prussia. Under Frederick The Great, Prussia became one of the great powers of Europe, but his empire was dissolved by Napoleon in 1806, and North Germany was annexed to France in 1810. But this union was of short duration, ending with the battle of Waterloo and was followed the same year (1815) with the formation of the Germanic confederation with Austria in the ascendancy. This meant strife between the ruling houses of Hohenzollern and Hapsburg and after the defeat of Austria by Prussia in 1866 a new confederation was formed around Prussia which included all the present German empire with the exception of the states of Baden, Bavaria, Hesse, Saxony, Wurttemberg and Alsace-Lorraine. These states did not become officially members of the German empire until after the Franco-Prussian war in 1870. Will let you know later about the "Andy" parade.

Dear Dolly.—Please tell me if there is a business that a man can start up with one hundred dollars and do any good. If so, please tell me. Thanking you for any advice.

A STEEL WORKER.
You can't start much of a business on \$100. However if your

credit is good and you think you would make a successful business man you could borrow \$300 or \$400 and pay it back as your business increased. You might start a post card shop and news stand, selling cigars and tobacco on \$100, but I doubt if you would make enough to live on at it. You might keep your position at the steel plant and carry on this business as a side line until you had a trade established. Then, too, you might start a small grocery on a couple of hundred dollars and carry it on the same way. There are lots of things to buy when one starts in business besides the stock of goods. Your fixtures alone in any kind of business would cost far more than \$100 unless you were able to buy them second-hand. Then your rent would be a big item. You will have to pay that whether you do any business or not. It would probably be a year or more before you would be able to even make expenses, or as the saying goes "break even."

Dear Dolly.—At a farm sale last week, the auctioneer announced that 6 per cent discount would be given for cash or 6 per cent interest would be given for notes of 6 months time. Now, I bought \$100 worth and paid cash expecting to get \$6 off, but was allowed only \$3. The auctioneer argued that by notes of six months I got \$3 interest, that I should get but half discount. Is it necessary for an auctioneer to have a license?

LONG RUN FARMER.
I suppose you will have to abide by the auctioneer's decision. Still if he advertised 6 per cent discount for cash he should have allowed you that much. Could it be possible you were mistaken about the discount? The usual amount allowed by business men for cash is only 2 per cent. One has to have a license before he can conduct a sale.

P. F.—It would be perfectly all right to ask her. However, if you take her any place always call at her home after and also bring her back. Don't meet her on the street corner.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulitised coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulitised coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

TIMES SERVICE PATTERN

1603-1602

A STYLE WITH NEWEST LINES

Waist 1603—Skirt 1602. Comparing Ladies' Waist Pattern, 1603, and Ladies' Skirt Pattern 1602.

Pearl blue serge, with red and gold embroidery would be nice for this. The waist is full at the shoulders beneath yoke sections of the back. A smart revers collar and tiny vest completes a charming effect. The skirt is novel and chic in its draped effect. Fawn color and blue gabardine could be combined for this model. Pompadour taffeta with matched satin linings is also nice. The sleeve in wrist length is close-fitting below the elbow. In short length it has a neat turnback cuff.

The Waist Pattern is cut in 6 sizes: 32, 34, 36, 38, 40 and 42 inches bust measure. The Skirt in 6 sizes: 22, 24, 26, 28, 30 and 32 inches waist measure. To make the dress will require 5 1/2 yards of 44-inch material for a 36-inch size.

Linen, voile, crepe, satin, broadcloth and gingham are good for this style. The skirt measures about 3-3 yards at this foot.

This illustration calls for TWO separate patterns which will be mailed to any address on receipt of 10 cents FOR EACH pattern in silver or stamps.

CAUTION—Order adult pattern by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

COUPON

SOCIETY

Mr. and Mrs. P. C. Daehler, of Eighth street, celebrated their fifty-seventh wedding anniversary last evening at their home, where they were surrounded by their children, grand-children and great grand children, eighteen in all. Mr. and Mrs. Daehler are highly esteemed and among our very best German citizens.

They were married in Portsmouth, between Chillicothe and Guy, ever since their marriage. The venerable couple received many gifts, including a handsome silver loving cup, a gift from their children. On one side the lettering included the two names, Frederick Carl Daehler and Anna Margaret Lechner, April 10th, 1859, and on the other side the first names of the ten children, and the date, April 10, 1916, was engraved. The presentation was made by the eldest son, Mr. Charles Daehler, who made a clever speech, first

in German, and then in English. The evening was a happy one, long to be remembered by all present, especially so for the host and hostess, who were surrounded by those they love best. May they live to celebrate many more anniversaries, is the wish of their relatives and hosts of friends.

Meet Me At Nye's Fountain, 1217

Judge Blair's class of the Second Presbyterian Sunday school held a large and interesting meeting last evening at the home of Miss Anna Heinrich, on Harvard Place, where Miss Jess Evans was hostess, assisted by Mesdames George Evans, Frank Heit, Henneey, Funderberg, Hauck, Fred Davis and Miss Margaret Edwards. There were sixty-four present and three visitors. Miss Heinrich was presented with a handsome chair, which will fit in nicely in her new home, and was also presented with beautiful flowers. Plans were made for next fall's work. Thirty calls were made during the past month. The business was followed by excellent refreshments. The next meeting will be held at the home of Mrs. Vernon Barrett, 1319 Sixth street, the second Monday in May.

Mrs. A. S. Doudit has returned from a few days' visit in Cincinnati.

Next Friday evening, at the Washington Hotel, at eight o'clock, members of the Senior Class of the

Portsmouth High School will enjoy their annual banquet. The Seniors this year are having a banquet of their own. In past years the Juniors have always banqueted the Senior class, but this plan will not be carried out this year. The majority of the members of the class and faculty members will attend. The committee in charge of all arrangements is composed of Violet Mathiot, Elizabeth Huddleston, Helen Schoettle, Mahel Knost, Edna Korth, William Quinn, Ralph Appel, Vance Morris, Cranston Locke and Vaneil Alexander.

Mr. and Mrs. O. N. Horn have moved from 413 Court street to 816 Harvard street, where they are ready to receive their friends.

Mr. and Mrs. C. E. Cisano, of Eleventh street, entertained Sunday evening at a six o'clock dinner Mr. and Mrs. Arthur Onkes and son, Robert.

A Little Blossom To Delight the Home

When it is known that to the near future the home is to be blessed with a new arrival the first thought should be "Mother's Friend." This is an external remedy gently applied over the stomach muscles. It makes them firm and plant, they expand naturally without undue strain. It removes from the nerves those influences which are responsible for much of the pain incident to the period of expectancy. It is for this reason that much of the distress such as morning sickness is avoided. All prospective fathers should see to it that the expectant mother is provided with a bottle of "Mother's Friend."

The directions are simple. Get it at any drug store. It is applied by the expectant mother herself. It penetrates deeply and affords quick and splendid relief in a most gratifying manner and reflects a physical betterment to the nervous disposition of the baby. Don't fail to get a bottle of "Mother's Friend" today and then write Dr. J. C. McLaughlin, 413 Lamar Bldg., Atlanta, Ga. for a pretty little book brimful of information for expectant mothers. It is a delight to read it.

Report By Selby Shoe Co. Committee Preliminary To Extension Of Plant

Factory conditions as found by the Messrs. P. E. Selby, Charles Haneck, Roger Selby and Adam Dunkel when they recently visited practically all of the larger shoe factories in Cincinnati, Rochester, Columbus, Brooklyn, New York, Boston, Lynn, Brockton, Haverhill, Auburn, Maine, Syracuse and Auburn, N. Y., were vividly pictured by this committee to members of the Superintendent and Foremen's Association of the Selby Shoe company at their meeting Monday night.

Information garnered on this trip was given out in a forceful and instructive manner and each speaker was accorded much applause at the conclusion of his talk. The committee thoroughly inspected the mechanical and floor arrangements of every plant they visited and gathered valuable information that will be put to a practical use when the Selby Shoe company carries out extensive plans it now has under way.

Sixty members were present at last night's meeting, which had an additional touch of zest from the fact that cigars purchased in Havana, Cuba, recently by Mr. George D. Selby while he and Mrs. Selby were sight seeing there, were passed around and great clouds of Havana smoke encircled the new restaurant room, where the meeting was held.

WILL PLANT 300 WHITE PINE TREES

Attorney Harry W. Miller received a consignment of 300 fine white pine trees from the Ohio Experimental station, Wooster, Tuesday, which he will have planted on the hill land of his splendid farm, near Franklin Furnace. Mr. Miller will go to Franklin Furnace some time Tuesday to supervise the planting of the trees.

Mr. Miller is enthusiastic over the prospects of re-foresting the hill lands and believes that it will prove to be a very profitable investment. Several years ago, he transplanted a large number of trees which are now in a flourishing condition.

Every Family Needs This Splendid Remedy

Compound of Simple Laxative Herbs Recommended for Constipation

When a remedy has stood the test of critical analysis and strong competition for over a quarter of a century and establishes itself as the indispensable household remedy in thousands of homes, it is pretty good evidence of its efficacy.

Dr. Caldwell's Syrup Pepsin has been on the market since 1891, its use being gradually extended until now it is generally regarded by druggists as the staple family laxative. It is a combination of simple laxative herbs, free from opiates or narcotic drugs, gentle in its action and positive in effect. It costs only fifty cents a bottle and can be purchased in drug stores everywhere.

Mr. Frank Klima, of 2309 Ashland Ave., Baltimore, Md., wrote Dr. Caldwell recently that he had tried about everything without being helped until he got a

bottle of Dr. Caldwell's Syrup Pepsin, which he considers the greatest known remedy for indigestion, constipation and stomach troubles.

Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and keep it in the house. A trial bottle, free of charge, can be obtained by writing to Dr. Caldwell, 454 Washington St. Monticello, N. Y.

The Movies

Don't Miss This At The Columbia Tonight

The youngest star in the world and the oldest actress on the English speaking stage will be seen here at the Columbia tonight when Barbara Frietchie, a five part feature picture, is shown, with little Mary Miles Minter in the stellar role and Mrs. Thomas W. Whiffen appearing in her support.

The feature was produced by the Popular Plays and Players and is released on the Metro program. Miss Minter is only fifteen years old, but she was a star on Broadway more than five years ago when she appeared in the title role of "The Littlest Rebel," a record breaking play, with William and Dustin Farnum. Mrs. Whiffen has been on the speaking stage for more than half a century, and during that time has created innumerable roles in notable stage productions and has played with every English and American actor and actress of importance. In this feature picture both of these actresses appear in the role of "Barbara Frietchie," one as the grandmother and the other as her granddaughter. "Barbara Frietchie" is a stirring photodrama based on the famous poem of the same name by John Greenleaf Whittier and the play by Clyde Fitch. It is produced on a big scale with a notable cast, including Guy Coombs who is well known for his masterly delineation of romantic soldier roles.

This is one of the big motion picture sensations of the entire season. Don't miss it at the Columbia today. Admission only 10 cents. The first evening show will start at 6:30.

Special music containing all the old southern melodies will be played on the pipe organ.

George Beban in "The Pawn of Fate" at the Lyric Tomorrow.

One of the grandest pictures of the season, a true epic of the screen, is "The Pawn of Fate," presented on the World Film Program at the Lyric tomorrow. It is Beban's masterpiece, to see him is to love his wonderful dramatic talents. The outline of the story shows Pierre Dufrane, a peasant of Normandy, and his pretty wife, leave their picturesque farm for the gay world of Paris, confident that in Pierre the world is to discover a new artistic genius.

Pierre is really the dupe of a wealthy Parisian painter who has fallen in love with Pierre's wife, Lesar, the Parisian, plays upon Pierre's artistic ambitions and lures him on to become at last the butt of a cruel jest.

His illusions shattered and his faith in his wife dimmed, Pierre turns upon his false friend and takes partial toll for his wrongs in physical violence.

In the depths of despair, Pierre is about to seek solace in suicide when arrested and confronted by the man he has mortally wounded.

In his dying moments Lesar atones and the reconciliation between Pierre and his wife comes in a scene of deep pathos and compelling heart interest.

From beginning to end the picture is a work of art, beautiful scenery and settings, superb acting and a story that is vibrant with vivid drama and tender pathos.

"The Trail of the Lonesome Pine" At Lyric Tonight

Charlotte Walker, the distinguished star who will be seen at the Lyric tonight, in the Jesse L. Lasky production, "The Trail of the Lonesome Pine," a Paramount picture, was selected by John Fox, the author of the book, to play the role of "June," when his wonderful story of the Virginia mountains was dramatized for the speaking stage. Miss Walker is a Southern girl and Mr. Fox considered her the ideal heroine for his story.

Supporting Miss Walker is Theodore Roberts, Thomas Meighan, Earl Foxe, Park Jones and other members of the Lasky all-star stock company.

Helen Holmes at the Exhibit Tonight

"The Dynamic Train" is an

other of the "Hazards of Helen" Kalen railroad series. There are a number of extra special "thrillers" in this installment of the "Hazards" the saving of a man by Helen while riding on the pike-some Pine, a Paramount picture, was selected by John Fox, the author of the book, to play the role of "June," when his wonderful story of the Virginia mountains was dramatized for the speaking stage. Miss Walker is a Southern girl and Mr. Fox considered her the ideal heroine for his story.

Supporting Miss Walker is Theodore Roberts, Thomas Meighan, Earl Foxe, Park Jones and other members of the Lasky all-star stock company.

"The Dynamic Train" is an

in the leading roles. There is fine unity of action in this, the scenes being taken in one night. The plot concerns a busy but trusting husband who enters his home to find his wife ready to elope with another. The other man is hiding behind curtains and there is a thief behind an adjoining one. The husband fires into the curtains, hits the would-be home breaker and a good dramatic situation results. This is an absorbing story throughout, well constructed, well acted and convincing. "Strengthening the Heart" is the fourth lesson in "Building up the Health of a Nation," a Powers educational film.

At the Temple.

Don't forget Helen Holmes in "The Girl and the Game" at the Temple theatre tonight. Chapter nine entitled "A Close Call" proves to be an exciting episode in which Helen and her automobile actually drive over a twenty-foot embankment and a runaway box car precipitated from a high bridge to the ground below, thereby avoiding an accident to a passenger train that is due. This episode is nicely developed and one of the most exciting shown so far in the thrilling series. "Friend Wilson's Daughter" is a three part Edison drama featuring Gertrude McCoy and Robert Brower. A pretty Colonial day picture.

At the Strand.

"His Majesty, Dick Turpin" a 101 Bison two reel drama of the romantic type features Francis Ford and Grace Cunard and Jack Holt. A young prince, who must-querade as a bandit and terrorizes the countryside, is finally rounded up after an exciting chase. The death of the old king comes at a crucial moment, making the prince king.

"Leap and Look Thereafter" is a Joker comedy scream. Mrs. Bill Durham's efforts to cure her husband of smoking brings about laughable complications. The program closes with the animated weekly, which is always chuck full of interesting happenings.

At the Forrest.

"The Darkest Hour" the twelfth and final chapter of the thrilling "Stingaree" series is the headliner for tonight. This closing installment makes a fitting climax to the interesting pictures which have pleased many patrons. The generosity of the results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

"The Undertow" is a soul gripping three part Essanay drama. The leading characters are under-world types, and the plot shows a young girl's battles against vicious influences.

A NURIC!

The Newest Discovery in Chemistry

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Dr. Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anuric," manufactured by Dr. Pierce, or even write Dr. Pierce for a large trial package (10 cents). If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Dr. Pierce's chemist will examine it, then Dr. Pierce will report to you without fee or charge.

NOTE.—"Anuric" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, more in extreme cases—as "Anuric" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector. Dr. Pierce's reputation is back of this medicine.

NEW TABERNACLE WILL BE ERECTED

The present week will see active work started replacing the present Pentecostal Tabernacle at Sixth and Broadway with a concrete block structure.

The new edifice will be 30 ft. wide and 60 ft. long and will have a seating capacity of about 400. The work will be done by members of the congregation, which has carpenters, bricklayers and mechanics of all sorts in its midst. Rev. Arthur Caudill will personally oversee the work, and Ohio Myers, a carpenter, will look after the wood work. It is hoped to have the building completed within three or four weeks. A deal has been practically closed for the purchase of the lot, which is owned by Constable William M. Wolfe.

The building fund already contains \$66, and Rev. Caudill may seek

some outside help. At the farewell meeting Sunday there were three hundred and fifty persons present, and almost as many had to be turned away.

While there have been some troubles and disorders in the past on the part of indiscreet and irresponsible boys and girls, the order of the lot, largely through the cooperation of the police, has been very good, says Rev. Caudill. Many of the offerings of the Tabernacle have been devoted to charitable purposes. Among families last helped was that of James Craig, whose little four-year-old girl was run down by a train. Rev. Caudill and some of his members also visited the Craig child's grandmother, Mrs. Jane Ekel, at Hempstead hospital. Monday, holding a song and prayer service at her bedside there.

Local Firm Sued

Himan and Isadore Sells, of Ironton, entered suit in the court of common pleas Monday against Dan Tabold and Company, asking judgment for \$1,245.31, alleged due on a carload of rags shipped at the request of the defendant.

The petition avers that the defendant ordered a car of rags on March 11, 1935, for which they agreed to pay \$3.50 per hundred and allow the plaintiff to draw a draft at

the date of shipment for 75 per cent of the claim.

The rags were loaded, it is claimed, and shipped by the instructions of the defendant, and a draft was drawn, but was returned, accompanied by a letter stating that the railroad weight was 51,500 pounds, instead of 31,500, as quoted in the bill of lading, and asked that the draft be amended. This, the plaintiff alleges was done and the pay-

EATS LIKE A PIG SLEEPS LIKE A LAMB

Youngstown Woman Laughingly Tells of the Astonishing Relief She Gained.

"I can eat like a pig and sleep like a lamb," laughingly said Mrs. B. Henderson, of 116 South Hazel street, Youngstown, O.

"I know this sounds rather 'piggish,'" Mrs. Henderson explained, "but I can hit upon no words that describe my present condition better. Especially is this true after the many years of suffering I went through.

"Indigestion, catarrh of the head, nose and throat, kidney and liver trouble and nervousness all had a tight grip on me. Words cannot describe the pains and agony I underwent.

"There was a bloating of gas on my stomach after eating, I suffered headaches, my nose was stopped up, mucous formed in my throat, my eyes were weak at times and my kidneys were sore. A general run-down condition of health is what I really suffered from. Never did I feel energetic and it was impossible for me to relish food.

"I tried almost every medicine that came along, but none of them did me any good. I finally concluded that there was no hope for my recovery. I read of Tanlac, friends told me about it, and relatives begged me to take it at first, but I kept on refusing. Each day my condition grew worse and I was driven by desperation, I suppose, to take another chance on finding relief in a proprietary medicine.

"Ten days of Tanlac treatment made a new woman of me. No longer do I suffer from any of the old ailments. Oh, what a pleasure it is to feel good once more. I can't help from praising Tanlac day and night. If any of my friends or people who hear of my case suffer anything like I did, I urge them to take Tanlac."

Tanlac is being introduced in Portsmouth at Fisher & Streich's.

Tanlac may be obtained in the following nearby towns: New Boston, E. H. Coburn; Sciotoville, Sciotoville Pharmacy; Bloomington, H. J. Greenup Stirred By Political Rumpus

According to the Russell Times a number of Greenup citizens went to Catlettsburg last Wednesday evening to consult with Judge Halbert and urge him to call a special grand jury at Greenup to investigate certain transactions of the county fiscal court.

The Times says that the matter grows out of political feeling and is aimed at Judge Nickells and associates on the fiscal court. One of the charges grows out of the sale of \$100,000 worth of road bonds when only \$50,000 had been advertised. It is alleged that all

should have been advertised but the court claims it was within its legal rights in selling the larger amount.

Also it is claimed that the First National Bank of Greenup offered more than was received for the bonds but this is denied by Judge Nickells who says that more than twice the premium offered by the Greenup bank, was received from the purchaser.

The matter has assumed such shape that charges must be either proven or the circulators of them will be prosecuted, it is stated by the Russell paper.

N. & W. In Market For Thirty Mallets

According to information from Roanoke, the N. & W. officials are in the market for 30 additional Mallet engines and have asked for a price of iron steels of this particular design.

Relative to this report the Railroad published in Roanoke says: "The last of the thirty Mallet engines have arrived from Schenectady, N. Y. The remaining engine on this order reached here this week. All of these engines have been placed in service, most of them being assigned to the Scioto division. Notwithstanding this liberal order for power to

handle the heavy traffic, it is reported more engines are needed as according to reports the additional power has been absorbed and their effect is hardly noticeable.

"Just at this time when the prices for materials of all kinds has gone almost beyond the bounds of reason railway companies to a certain extent are backward as to placing specific orders. This is true it is said in all line of equipment and as far as possible compatible with their absolute requirements, railways are holding out on much needed equipment. While heavy orders for steel cars and rails are being placed, it is said these orders are more or less in the nature of immediate requirements, future deliveries calling for 900,000 tons of rails alone."

One of our greatest assets is good eyesight and yet, how often we neglect our eyes by not consulting an optician as soon as they begin to give us trouble.

In the majority of instances prompt attention would save us a lot of headaches and strained eyes.

THE APRIL PRIMARIES

Primaries will be held throughout Ohio on April 25th for the selection of delegates to the state and national conventions of the various political parties. In few counties are there any contests and necessarily there will be a light vote. However, it is hoped that there will be respectable representation of the voters, showing that they take an interest in governmental affairs. In Scioto county we hope that there will be a large turnout. Voting is a high privilege and it is more to the credit of a man that he should vote when there is no special inducement than when a big contest is raging.

For delegates to state conventions, neither of the dominant parties have contests in Scioto county. For delegates to the national convention, each party is facing a similar situation in that there are three candidates for the two delegations, two of the three candidates being from one county, Brown. The Democratic candidates are Harry E. Taylor, of Scioto county, John Wood of Brown county, and F. B. Pearson, of Brown county. The Republican candidates are George L. Davis, of Scioto county, John McCafferty, of Brown county, and J. Robert Stivers, of Brown county. Conditions under which Brown county presents three candidates are interesting, and a brief history is given.

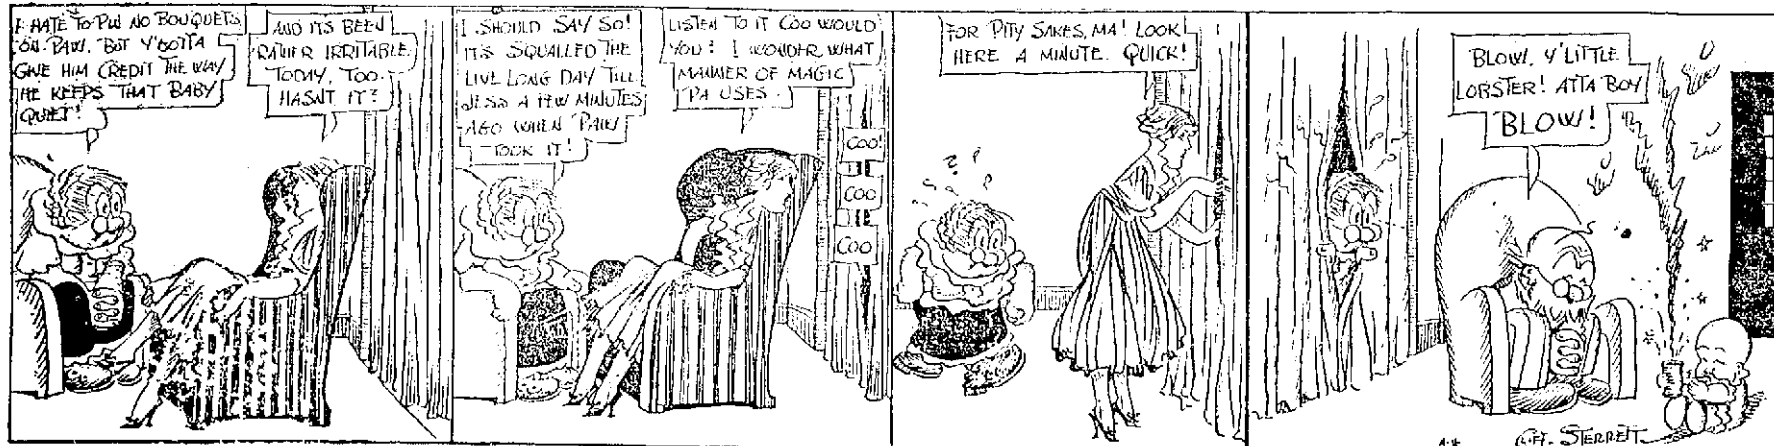

The Sixth district is a comparatively new district, and on the Democratic side of the fence, it was felt by many of the party leaders that there should be a gathering of the clans for consultation, the discussion of candidates and, if possible, agreement upon candidates for delegates and alternates. Such a meeting was called by the state district central committee, Hon. William A. Elyar, of Georgetown. The chairman of each county committee was notified and asked to have a representative delegation of Democrats present from his county. It should be said that the party organization in each county was favorable to the above move. A well attended meeting was held at Portsmouth at which with the utmost harmony Harry E. Taylor, of Scioto, and John Wood, of Brown county, were unanimously endorsed for delegates to the national convention. C. C. Kesler, of Highland county, and C. L. Kline, of Clermont county, were unanimously endorsed for alternates. It was thought that this would be satisfactory to the Democrats of the district and it develops that it was to everybody except a small faction in Brown county. This faction brought out F. P. Pearson as a candidate and his name was also certified in and will go upon the ballot, giving Brown county two candidates for delegate.

On the Republican side the same condition practically exists. The state central committee called a meeting, after consultation with party leaders and committees in the district and that meeting agreed upon Mr. Davis, of Scioto, and Mr. McCafferty, of Brown, as candidates for delegate. A faction in Brown county became dissatisfied and the candidacy of J. Robert Stivers, a Ripley banker, was the result, and Republican voters will have two candidates from Brown county to consider. Personally we believe in party organization, where its operations have been and are square and broad, and this was unquestionably the case in regard to the district meetings at which candidates were endorsed. There was no effort to railroad things, every one was given a fair show. In so far as the candidacy of Mr. Taylor was concerned, and also that of Mr. Wood, the statement was freely made that if any other county had a candidate or desired to honor any of their sons by sending them as a delegate to St. Louis either one or both, were willing to step aside, and join in making such a recommendation.

Under all of the circumstances we feel that it is the duty of both the Democrats and of the Republicans of Scioto county to support the candidates recommended at the district meetings. If there is anything in party work and party loyalty, this will be done, and there will be an exceedingly large vote cast on April 25th.

It is pretty good advice that, to be on guard over your thoughts, but when on duty never face outwardly.

IN THE CITY

A FOOL AND HIS MONEY

In a cubby hole on Chillicothe street there are operating two female fortune tellers. They are not lacking for patrons. That is strange, in view of our boasted advance in civilization. Fortune telling is the rankest of all superstitions and yet such is the inherent bent of humanity towards the supernatural that many are found not only ready, but anxious to give up a quarter, a half or even a dollar to have some creature, who has nothing other than an outlandish appearance and raiment, to read the future for them as written by the lines in the palms of the hand. Foolish ignorance pays tribute to arrant fraud.

In this connection, quite everyone has heard of Madame Thebes. She is, no she was, a Paris fortune-teller, whose soothsayings went "round the earth." She found her dupes among the aristocracy and millionaires from the world over. She charged not tens of pence, but hundreds of dollars "to lift the veil." The war put an end to many shams and frauds, Madame Thebes among the rest. Being a lavish liver she had little left from the millions gathered in, when her business came to an end. Not finding life pleasant as a reminder of past ease and splendor she left Paris and went away into the country to live and to work. As the pinch became more acute she started to dealing in eggs and poultry, gathering these products up from the farms and shipping them to the city. She didn't have enough power of divination to so much as guess the market price of tomorrow and she failed miserably in her undertaking. She is back in Paris and may be down to the extremity of "reading palms" for a son.

The man who always draws a lesson from history is busy upon the case of Senator Harding, and is recalling that James A. Garfield went to Chicago in 1880 to help nominate Senator Sherman for president and made such an impression upon the senate by his speech that he got the nomination himself. Will history repeat and Harding carry off the prize where Burton failed, is being asked. It is one of the possibilities to be sure. Certainly Senator Harding as a presidential candidate would arouse much more enthusiasm among the rank and file of Ohio Republicans than would Mr. Burton, and there is evidence that he would be more pleasing to the country at large.

The Parkersburg Sentinel is deeply aggrieved because Secretary Prentiss of the National Chamber of Commerce is giving out "private" interviews favoring protection and wants the Chamber to put his mouth under lock and seal. This raises the apt question, what does the Sentinel think the National Chamber of Commerce moves and has its being for?

NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, April 11—A blurry blot. He is now suing the owners to that exorted through Corona, L. I. For years Hammerstein both worked and lived in his theatre. When he turned over the property to the management he reserved for himself a suit of offices on the third floor.

Now he discovers that even if he gets the offices the huge electric sign on the building is directly in front of his window. And he has been informed that he cannot strew the place with models of his inventions or most harrowing hardship of all—make his own cigars. He sighs for the palmy days of the drama.

If you want to upset your household and start the day out wrong—here is the formula. Deems Taylor, writer of musical lyrics, poetry and what not, is responsible for the fiendish outrage.

Dictate the following sentence to any member of your family and see if they can spell it correctly. Ready—now for the dirty work: "An harassed pedler met an embarrassed, but exhilarated cobbler, walking in a cemetery and gazing at the sunset with unparalleled ecstasy."

Theatre building operators are making plans for their spring drive. Four new theatres are to go up in the Lobster Belt. The largest is to cost \$500,000. Thomas Dimond, who made \$1,000,000 when he sold his old foundry to the Pennsylvania for their new station, is among the builders who will try his fortune at the theatre building game. It is an indication that theatrical managers expect to whoop things up next season and that they believe the country is to have some prosperous times.

There has been opened up on Broadway, near Forty-Second street, a new store. On the window is the sign: "Fun, fun, fun. Imitation bed bugs for sale here." Nothing else is sold in the place and the proprietor says that he has been in business three weeks and has made a fair profit—considering the rentals on Broadway.

Oscar Hammerstein, from his new offices over a candy store, now watches the corner which his genius made famous. On the old Hammerstein theatre site the new Rialto theatre has appeared, but Oscar and his famous high hat are persona non grata.

UNABLE TO LET GO

It doesn't take much of an optic to see that Henry Ford holds the joker on the Michigan Republican voters. Someone of them, may be several, placed his name on the party preferential ticket for president, without either his consent or his knowledge. When he learned of this he tried to withdraw, but they told him it was too late to take his name off. Doing the next best thing, he proclaimed through all the papers that he was not a candidate. Notwithstanding all this he was given a majority. Now he tells the delegates elect to vote for anybody they darn please, so it isn't Henry Ford, who is a Democrat. It is a most peculiar situation, but may be the voters meant to toss William Alden Smith, "the favorite son," at all hazard and they didn't care so much for Henry after all.

We view with mixed feelings the invasion of Columbus by cooking experts and pure food faddists. At times we envy the men as we think of the manner in which Columbus women are being taught how, when and what to cook and serve. Then again we are inclined to be sorry as we think of the dreadful amount of experimentation that must be going on in Columbus homes with poor man as the experimenter.

One would judge from reading that statement of Attorney Powell in the chief of police case up at Jackson, that the Jackson Farmers' Festival was decidedly a warm member. We tremble to think what might have happened to the pure and meek and innocent citizens of Portsmouth if they had ventured into this den of inquiry.

Rainy days make converts to brick roads. All that one has to do is get on a stretch of paved road after going through mud and mire of the ordinary dirt or pike road and you have a convert to permanently improved roads.

It is barely possible that the unwritten no-term plank bothers Mr. Bryan more than the written single-term one, wittily observes our namesake, the Portsmouth, New Hampshire, Times.

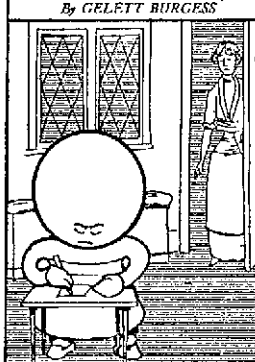

If the West Virginia Democrats were to say as mean things about the Republicans as the latter are saying about each other, blood and slaughter might well ensue.

Our guess is that the Republican committee knew what sort of speech it wanted when it chose Senator Warren Harding for temporary chairman and will get just that.

As the Dayton News sees it the hen is a good advertiser. She never crows over her work, but she never fails to announce it.

HATCH NEW MEXICAN REVOLT

SALAZAR IS CLAIMED A LEADING FIGURE IN THE DIAZ MOVEMENT

PLOTTERS PLACED IN CUSTODY

El Paso, Texas, April 11.—A plot of wide dimensions, hatched in El Paso and backed by the people who are financing Felix Diaz in a movement against the federal government of Mexico, is believed by the police today to have been unearthed by the arrest last night of fifteen Mexicans accused of being implicated in the flight across the border of General Yuez Salazar. Agents of the department of justice aided the police in making the arrests, most important of which were General Salazar, General Ignacio Morones Arango, who, like Salazar, were among the best known and most trusted of the adherents of the late Porfirio Huerta.

This story has been pieced together from admissions of the prisoners. The backers of Diaz, it is said, became dissatisfied because his own military reputation was limited and he had no man with his movement in whose generalship the Mexican people had confidence. They were also anxious to reinforce the Diaz campaign in Southern Mexico by a similar insurrection in the northern part of the republic. A soldier was named of proven ability and Salazar was selected. He was amply supplied with funds and proceeded to organize his followers from El Paso. Uniseries were sent into Mexico to try out the sentiments of various Carranza garrisons and to stir up the people by spreading reports that Carranza was in the pay of the United States and that General Pershing's expeditionary force was really the advance guard of an army of occupation. Salazar's plans were not yet ripe when he learned that he was in danger of betrayal. He became alarmed and fled precipitately across the border on Sunday.

UNCLE SAM'S BIG PAPER MONEY FACTORY CORNERS COLOR MARKET; RUNS FULL TIME

Bureau of Engraving and Printing at Washington.

The government's big stamp and paper money factory, the Bureau of Engraving and Printing at Washington, has not shut down, nor gone on short time, nor made any changes in the colors, because its director, Joseph E. Ralph, cornered the American color market immediately after the outbreak of the war. Realizing that with Germany cut off the price of dyes would skyrocket, he bought all the dyes available in August, 1914, thereby saving Uncle Sam between \$300,000 and \$400,000.

COLUMBUS N. M. FEARS ANOTHER BANDIT RAID; INSISTS ON PROTECTION

Columbus, N. M., April 11.—Columbus, ridden with alarmist rumors, was relieved today, when the night passed without a sign of the trouble which many of its citizens feared.

T. A. Hulzary, deputy sheriff, feeling that every precaution should be taken to protect the town against the possibility of a repetition of the raid a month ago, has requested that militiamen be sent here to assist the regular troops in policing the border.

The tension which has been manifest in the last twenty-four hours abated today, but some of the citizens, despite assurances of military authorities that there are no grounds for fears, and that the troops here are amply prepared to care for any emergency, still seem slightly uneasy.

A number of citizens made requests at military headquarters for arms. These, however, were denied on the ground that they were unnecessary. Major Sample, conferred with the mayor and informed him that should trouble develop, the residents of the town could protect themselves better by staying within doors.

They have made no demands on the officials of the plant, the latter say, and labor leaders admit the strikers are not organized.

Washington, D. C., April 11.—Part of the American troops now stationed in Texas may be sent to Mexico to strengthen the constantly lengthening lines of communication of the United States expeditionary forces in pursuit of Villa. Such a plan was under consideration by the war department as a result of the situation along the border, which is said to be quieter than heretofore. For the present, however, patrols in New Mexico and Arizona will not be disturbed.

POSTPONED GAMES WILL BE ROLLED THIS WEEK

Still full of pepper and a superabundance of enthusiasm, the Spiders and Summarines of the Maine Bowling League are not going to allow their postponed games to remain unplayed. Monday, Captain Title of the Spiders and Captain Fuller of the Summarines, got their heads together and agreed to roll these games this (Tuesday) evening at the Play House. Should the Spiders win all three they will finish pretty well up in the race. They finished far down in the cellar, the first half that they could not be seen. They won only two games. At the start of the last half, Captain Fuller predicted last things for his club, and as a prophet Mr. Devereaux has nothing on the admiral.

On Friday evening of this week the Spiders and Summarines will roll their three games, the result of which will be eagerly scanned by the Cement Specialists. Should the Spiders win all three games, they will finish 50-50 with the Cement Specialists and it would be necessary to roll off the tie in order to decide the winner for the last half. Should the Spiders drop a single game to the Ivory Knobs, they will have won the last half and will then go into the series with the Ivory Knobs. When the winners of the last half hook up with the Ivory Knobs in the world series, standing room at the Play House will be a premium. In fact the series will be the biggest event in the annals of bowling in this city. The Ivory Knobs are sanguine they will emerge victorious, although the Cement Specialists have supreme faith in their ability to polish off the Ivorys, while the Spiders are just as full of faith. It will be a hard fought series anyway you look at it. The details will be arranged by the board of governors just as soon as the Spiders and Cement Specialists settle their little misunderstanding.

Play House Five Vs. Ivory Knobs

In order to give the Play House Five some needed practice, this team, which is representing Huntington in the inter-city bowling series between Portsmouth, Huntington and Charleston, will roll the Ivory Knobs at the Play House Wednesday evening of this week. The game is to start promptly at 8:30 o'clock. The Ivory Knobs believe they can give the Play House Five quite a battle, and no doubt a large crowd will be out to see the practice struggle. On Friday the Play House team will go to Huntington for a three game series with Carl Ridley's phenoms on the Majestic alleys. Quite a large number of rooters will accompany the local team. At least three automobiles will make the trip. The locals defeated Charleston by 182 pins last Thursday night and they hope to give Huntington the once over at least.

LAST GAME FRIDAY

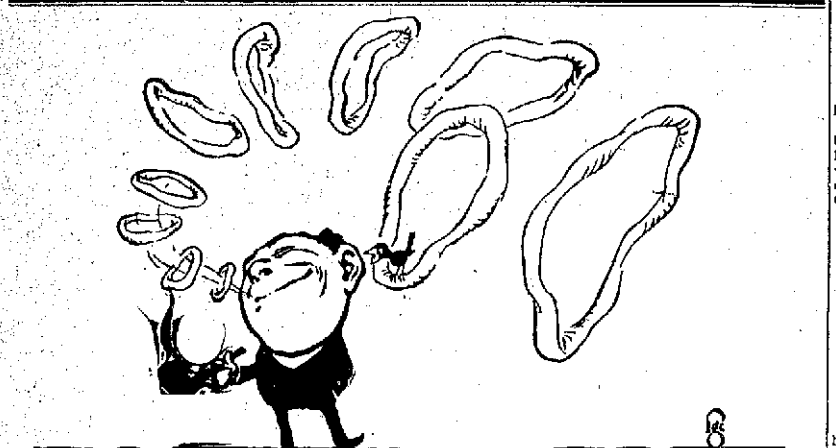

Portsmouth basketball fans will be given the opportunity to see a real brand of championship basketball Friday evening in the local high school gym when the P. H. S. regulars meet the fast Phi Si quintet from Ohio Wesleyan University.

Russell Guffey and Rae Selby will also be in the lineup and the basketball ability of these two lads is well known to P. H. S. basketball fans, who remember when Guffey and Selby played for P. H. S.

Doyle To Confer With Joe Tinker

Scout Billy Doyle will go to Cincinnati Friday and will hold a conference with Manager Joe Tinker of the Cubs. It is possible that Doyle may accept a southerly with the Cubs. Doyle was for three years a scout for the Cleveland club and dug up a number of star players for the Indians.

BOSTON FANS ARE SORE

Cleveland, April 11.—Cleveland fans were happy yesterday. For the first time in three years it looked as if the Cleveland ball club had a chance to finish better than last, and the addition of this Speaker was the cause of it all. On every hand praise of Jim Dunn, the new owner of the Indians, was heard. Fans began talking baseball again with a renewed interest and pennant talk was in the air.

The Parkersburg Sentinel is deeply aggrieved because Secretary Prentiss of the National Chamber of Commerce is giving out "private" interviews favoring protection and wants the Chamber to put his mouth under lock and seal. This raises the apt question, what does the Sentinel think the National Chamber of Commerce moves and has its being for?

In The Spring

The days of cleaning house have
come the maddest of the year—
When everything is upside down
And scattered far and near.
My meals are but a mere excuse,
My wife has grown a shrew,
The clothes I want are on the line
My books the basement strow.

Each day, each week of all the year
This house is garnished bright

But since spring's come, my wife
declares
The dirt-germs are a fright,
And so she gets her pails and
mops.

Her brooms and soap galore,
And life will be for days untold
A nightmare and a bore.

1916 KORN KARNIVAL WILL BE BIGGER THAN EVER

Many Novel Events To Be On Program; Potato Contest Is To Be A Feature

Due to the improved business conditions and the rapid growth of the city and the activity among the citizens along the building lines, the directors of the Business Men's Association at their regular meeting held Monday evening, decided to hold a larger and better Korn Karnival in 1916 than ever attempted before. A concerted effort will be made by the directors to make this year's Karnival distinctly individual. Novel and new features will be added to the Karnival that will make the whole autumnal celebration decidedly different from what it was the years previous.

A general committee composed of several of the directors who were responsible for the splendid entertainment given last fall, was appointed by President Albert Zedler to prepare tentative plans for the 1916 Karnival; to select the various committees needed in promoting the various departments of the Karnival and to formulate a decorative scheme. This committee was instructed to prepare a partial report for a special meeting which will be held the latter part of the month. Ben G. Harris, William H. Burr, William Fritschler, and Charles Dasher were the directors appointed.

Many ideas were advanced at the meeting Monday night concerning the nature of the 1916 Karnival. Some suggested that the decorative scheme be carried out by special electrical displays, while others gave the committee suggestions as new and novel as the "Two Mile Dinner" which was held last year, but these will be held by the committee until the plans are definitely agreed upon.

J. Arthur Bode and Ralph E. Thomas were appointed to manage the Potato Growing Contest, which will be another new feature of the 1916 Karnival. This contest is open for every boy and girl in Scioto county and the terms

are as follows: "The Business Men's Association will furnish eight pounds of potato seed free to any boy or girl in Scioto county agreeing to plant, cultivate and show the product at the Korn Karnival. The potatoes raised from the seed are to be shown in bushel crates. Prizes will be awarded for the greatest weight of the product grown from the seed furnished." The first prize will be \$10 in gold; the second prize \$5, and the third prize \$2.50. The potato seed can be secured from any member of the Association by signing an agreement to plant, cultivate and show the product at the Korn Karnival. All members of the Association are requested to notify the secretary when application is made for seed.

J. Arthur Bode, chairman of the Corn Growing Contest, reported that the farmers were not taking much interest in this event so far, but attributed the lack of interest to the late spring. He said he believed that several entries would be made after the spring breaking was completed and the fields were ready to plant. But one entry was reported. Charles W. Hill, manager of the Dr. W. D. Tremper farm, has signified his intentions of winning the prize for 1916.

The directors were well pleased with the large gain in membership made through the earnest endeavors of Ralph E. Thomas, secretary of the Board of Trade, to sign all country merchants for the new Credit Rating book. Mr. Thomas will visit Sciotoville, Harriestown, Otway and Rarden this week. Practically all of the wholesalers and manufacturers have become subscribers to the book, which has proven so valuable to the selling world.

The directors will hold a special meeting the latter part of this month to receive the report of the general Korn Karnival committee.

Women Who 'Buggy-Rided' With Bottle Of Whiskey Are Fined

Joan Hunt and Charlene Spears, the two young women who were arrested for parading up and down Chillicothe street Monday afternoon in a buggy with a bottle of whiskey on the seat in plain view of pedestrians, were fined \$25 each by Mayor Kaps Monday evening for drunkenness and disorderly conduct. George Sparks, who created a disturbance at Eighth street and Kendall avenue Sunday, was fined \$10 for disorderly conduct. The other case against him, that of carrying a concealed weapon, was continued until April 17th to permit of the summoning of witnesses. Sparks was released on \$100 bond.

Thomas McGeehan was the name given by a man who was arrested Sunday morning at 4 o'clock. He was drinking from a whiskey bottle while aboard a westbound street car, cursing and boasting that no policeman could take him. Officers Beckett and Harding took him in tow. He was fined \$10.

Ollie Adkins was fined \$5 for assaulting Harry Spradlen at the Vulcan last factory Monday afternoon. Adkins was discharged by his employer immediately after committing the assault and was arrested by Officer Platt.

Bert and Walter Manning, who were arrested for disorderly conduct on Eleventh street Saturday night, forfeited \$10 bonds each by failing to appear for trial Monday evening. A plain drunk giving the name of Mills Burke, who was arrested on Chillicothe street by Chief Clark, was fined the minimum of \$5.

Robber Wanted At Batavia Escapes

Carefully laid plans to capture a robber wanted at Batavia for looting camp cars, were frustrated by the N. & W. freight train, on which he was supposed to be riding, not stopping long enough at Vera to permit a thorough search Monday evening.

Detectives Bob Reno and Andy Leslie, Chief Clark, Officers Johnson, Osborn and Shonkwiler surrounded the short train of only five cars when it reached the above

junction. They took off six young men giving the names of William Morris, Leo Fox, John Smith, William Black, Ed Clark and John Farley and one negro named William Harper, but the train started up before they had concluded their search and it is believed the robber was still aboard and went on through with the train. The others were charged with vagrancy and train riding, were fined \$5 each and assigned to the city work gang early Tuesday morning.

The household furniture was practically all saved. Only prompt work of the fire department saved adjoining property. Mr. Hartledge is superintendent of the Western & Southern Life Insurance company at Jackson.

N. & W. In Market For Thirty Mallets

According to information from Roanoke, the N. & W. officials are in the market for 30 additional Mallet engines and have asked for a price of iron steeds of this particular design.

Relative to this report the Railroad published in Roanoke says: "The last of the thirty Mallet engines have arrived from Schenectady, N. Y. The remaining engine on this order reached here this week. All of these engines have been placed in service, most of them being assigned to the Scioto division. Notwithstanding this liberal order for power to handle the heavy traffic, it is reported more engines are needed as according to reports the additional power has been absorbed and their effect is hardly noticeable."

"Just at this time when the prices for materials of all kinds has gone almost beyond the bounds of reason railway companies to a certain extent are backward as to placing specific orders. This is true it is said in all line of equipment and as far as is possible compatible with their absolute requirements, railways are holding out on much needed equip-

G. O. P. CLUB WILL MEET TONIGHT; PLAN BIG TIME

The Scioto County Republican Club will entertain with its second smoker this evening at seven-thirty o'clock. Several well known Republicans will deliver addresses, which will be filled with the problems now facing the Republican party. These smokers, according to the temporary officers, are only preliminaries to greater meetings which will follow after the permanent organization is effected, which will be probably some time in May. The programme will be interspersed with musical selections played upon an Edison Diamond Disc machine.

The officers desire to recruit the total membership to eight

hundred by this evening. When this figure is reached, committees consisting of well known local speakers will be appointed to make an active canvass of every county precinct for members. It is hoped that two hundred additional members can be secured by this canvass then the club will be permanently organized.

The total membership of the club is now 669. The officers are expecting to increase this number by 135 by this evening. All Republicans having membership books out are urged to bring them to the meeting.

The election of permanent officers will be one of the most interesting events held by the club. Two tickets will probably be se-

lected by the members, each bearing a name. Then the election will be conducted after the manner of the elections held by the famous Blaine Club, Cincinnati. Election speeches will be made, a convention will be held and all of those interesting trills of a regular political meeting will be added, to give zest to the affair.

After the organization has been effected, the marching clubs, the debating teams, the glee clubs, and the precinct clubs will be organized.

All Republicans in the city and county are invited to attend the Tuesday evening meeting. Besides the speeches, smokers and music, arrangements will be made for the county campaign.

The Movies

Don't Miss This At The Columbia Today

The youngest star in the world and the oldest actress on the English-speaking stage will be seen here at the Columbia today when Barbara Frietche, a five part feature picture, is shown, with little Mary Miles Minter in the stellar role and Mrs. Thomas W. Whiffen appearing in her support. The feature was produced by the Popular Plays and Players and is released on the Metro program. Miss Minter is only fifteen years old, but she was a star on Broadway more than five years ago when she appeared in the title role of "The Littlest Rebel," a record breaking play, with William and Dustin Farnum. Mrs. Whiffen has been on the speaking stage for more than half a century, and during that time has created innumerable roles in notable stage productions and has played with every English and American actor and actress of importance. In this feature picture both of these actresses appear in the role of "Barbara Frietche," one as the grandmother and the other as her granddaughter. "Barbara Frietche" is a stirring photodrama based on the famous poem of the same name by John Greenleaf Whittier and the play by Clyde Fitch. It is produced on a big scale with a notable cast,

including Guy Coombs who is well known for his masterly delineation of romantic soldier roles. This is one of the big motion picture sensations of the entire season. Don't miss it at the Columbia today. Admission only 10 cents, both afternoon and evening.

Afternoon shows start promptly at 1:30, and the first evening show will start at 6:30.

Special music containing all the old southern melodies will be played on the pipe organ both afternoon and evening.
